## To the Public

Because of carelessness in addressing and preparing matter for mailing, failure to use complete street addresses, or failure of sender to place his name and address on it, many letters and other pieces of mail fail of delivery, or are materially delayed. The public is urgently requested to exercise the greatest possible care to see that mail is sufficiently and correctly addressed, in order to secure its prompt and certain delivery, thereby relieving the postal service of much unnecessary expense and increasing its efficiency.

Postal laws and regulations require that mail be addressed to street and number.

Invariably use your city directory in obtaining the complete city or rural route address when addressing mail for local delivery.

# The City Directory is a Public Servant

---

No line of Business has such an Universal Clientele as has the Directory, serving everyone profitably and impartially.

It answers the questions of What? Where? and Who? which arise daily. A Public Servant so long in such constant and general use as the Directory makes it **THE MOST DESIRABLE** advertising medium.

If **YOUR NEIGHBOR** is a **CHRONIC DIRECTORY** borrower, let us know and we will endeavor to relieve you of further annoyance.

It is recognized as a standard medium the world over.

It is used by the largest and most successful firms and their example is a good one to follow.

Its cost is insignificant.

It pays others, it will pay you.

It reaches all the people all the time.

It is a credit and a boost to the community and everyone is interested and represented in it.

## TO FIND A NAME

## Street Directory

### 1921

Neil Street is the dividing line for all streets running East and West.

University Avenue divides the streets running north and south.

Numbered streets (1st, 2nd, 3rd, 4th, 5th and 6th) are shown in numerical order after Wright St.

Even numbers are on the North side of all East and West Streets (except Main St. which has the even numbers on the South side), and the East side of North and South streets.

\* after a name indicates ownership of property.

 Intersecting streets are shown in black face.
